## Help Tell the Tale

This compilation contains a lot of information about who begot who, when and where, but it doesn't really tell stories about our families.

If you can add to our family histories or have an anecdote to tell, then please share it. It helps make our different family stories come alive.

So pitch in and send me pertinent documents, photos, videos or recordings for inclusion in our digital archive at <https://wbowe.com>, The Families: Vol 2.

Your children or their children will appreciate it and may even return the favor some day.

William John Bowe, Jr.

## Introduction

The following pages list data for many family members as of November 29, 2020.

Each immediate family is presented in their own section that contains a graphical family tree as well as a description with information about each referenced person and their children.

The child section provides information about the children of the preceding couple. When a child has offspring of their own this is presented in a separate family section for that child. In this case a '+' is used to denote that an individual will appear later in the book as a parent with his/her own children and there is a link to the appropriate family reference number. For children with partners but no offspring the partner data is given with the reference family. Roman numerals, followed by a period, are used to indicate the birth order.

In the chapter titled "Family of the Starting Person" the ancestors of Paul RIBOUD and Louise PARIS are presented in a kind of enhanced Pedigree Chart which displays the graphic representation of their direct-line ancestors and the children of the couple. This chapter contains information about the couple whose offspring are listed in the later chapters.

The chapter titled "Families of his Descendants" provides details (as known as of the publication date) for the offspring of Paul RIBOUD and Louise PARIS. There is a chapter for each generation. Relatives are listed in the order of the nearness of their relationship.

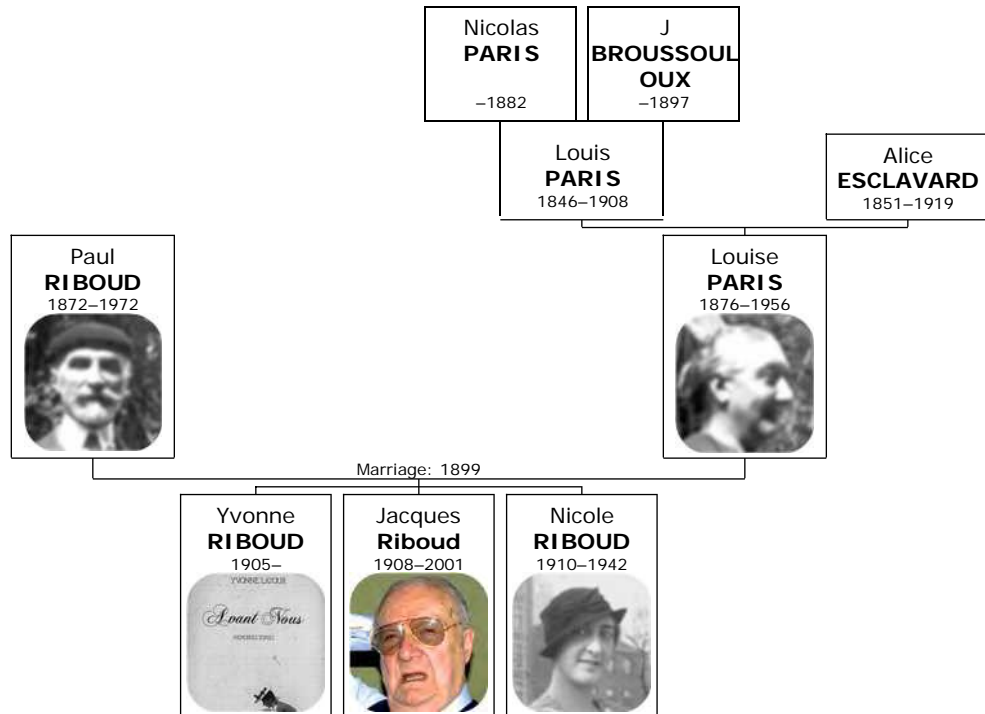

Sources for the information provided are given in the footnotes.

This document reports the details of 134 individuals, of whom 69 are male and 65 are female. Of the 14 individuals with recorded birth and death dates, the average lifespan was 54.49 years. Of these, 5 males averaged 74.47 years, and 9 females averaged 43.39 years. The longest living male was Paul RIBOUD (1872–1972), who died aged 100. The longest living female was Elizabeth Betsy RIBOUD (1936–2018), who died aged 81.

## Family of the Starting Person

### Family of Paul RIBOUD and Louise PARIS

1. **Paul RIBOUD** was born in 1872. He worked as a Directeur de la Cie des Chemins de Fer de l'Est.
